Forecast for Saturday 13 Nov 2021

Weather: Some early mist and fog patches around the fell tops at daybreak but these will slowly clear. A few sunny spells will appear from mid to late morning and by mid afternoon, quite a lot of sunshine. With winds easing it will feel pleasant out on the hills.

Chance of cloud free mountain/hill tops above 800m: 40% around dawn but low cloud soon clearing with just patches around the higher fell tops by mid morning. 95% chance of clear summits in the afternoon.

Visibility: Visibility may be moderate or poor at day break with some mist and fog patches above 600m, but it will improve during the morning with good views likely in the afternoon. No significant weather expected to cause visibility to deteriorate.

Meteorologist's View

Nothing to add.

Forecast for Sunday 14 Nov 2021

Weather: Clear spells overnight but beginning to cloudy over by dawn. Although cloudy it should remain mostly dry on Sunday, perhaps a few drizzly spells on the fell tops.

Maximum wind: Southerly 10-15mph.

Chance of cloud free mountain/hill tops above 800m: 80%, perhaps some patches or scattered cloud on the fell tops for a time in any light rain or drizzle.

Visibility: Moderate or good, perhaps quite hazy at times under the cloud with limited views.

Temperature: **Valleys:** Plus 5 rising to 10 Celsius.
At 800m: Plus 6 Celsius.
Freezing level: above the summits.
